F. Biondo o Argonautima i Istri
(1448)

ab Humagoque quinque pariter milia passus abest Emonia civitas, cui nunc Civitatis Novae est nomen, prope quam Nauporti sunt hostia fluminis, Quieti nunc appellati, in quem Alpibus exorientem Argon navim Plinius asserit fuisse dimissam.

Cidipa kod Didaka Pira

(1582)

Sic ego, sic viridis Cidippe filia Glauci,
  Dum sedet, et madidas exprimit imbre comas:
“Cinxerit Iliacas muro quod Delius arces,
  Illa fuit vani fabula Maeonidae...”

G. M. Filelfo, Ragusaeis de origine atque rebus gestis urbis Ragusaeae
(1470)

Michele Marullo, De laudibus Rhacusae

(Epigr. 4, 17; ante 1489)

Euicta cultu saxaque mollibus
  Seruire Phęacum uiretis
    Iussa uirum docili labore

Et cuncta Cressa uite nitentia
Qua longa Sercus brachia porrigit
  Obiectus hibernis pruinis
    Et Boream populis tuetur;

Ilija Crijević, *Ocelle mi, Ragusa* (1495)

Quod interire me, nec emori sinis,
Febriculosa in arce praesidem, isthmii
Soli aerisque pestilentia obsitum
Et Stagni bimaris lue,

Tibique reddis Aelium, et sibi, unico
Fauore debilemque alumnulum alleuas
Tuoque rursus educatulum in sinu,
Vt Bacchus gremio Iouis.

Quod ergo Mortis ore et inferis miser
Reducor, hoc tibi referre gaudeo,
Vt Herculi pudica Tessala, ut deo
Thesides Epidaurio.
